- **Old Business:**

- A: Plan and prepare for Town Clean Up Day, August 19, 2023.

There was discussion about providing the meal for volunteer workers for clean up day. Carol checked with the Senior Citizen's, and we are approved to use the center. We discussed funding and it was decided that Carol would make salads and dessert and Welcome Stop would provide sandwiches.

Roll offs were discussed and John felt we should get four roll offs and one environmental roll off. We discussed that we do have funding for up to four roll offs and will make arrangements before the day.

The next discussion was on Request for Town Clean Up. John will cover requests from four different residents. There was discussion on what kinds of work we are able to do, and it was brought up that Mayor Romo advised we cannot do weed eating or mowing without insurance. It was decided that we would only carry off junk.

We discussed crews we have set up for the day and it appears we will be able to complete the work we have by lunch time. We decided to meet at 8am at the park gazebo on the day of clean-up.

We will meet again after the clean-up day to discuss any changes or additions to the project for next time on a time to be determined.
